

ACCESSORIES CENTRAL CLEANING SYSTEM

Lagafors Nozzles & Lances

Nozzles and lances for different pressures and applications. Each nozzle has a 3/8" hose nipple. The Lagafors Colour Coding System* is an integrated part of all nozzles and lances.

Art. No.	Description
M000008010	Black Pre-Cleaning Nozzle
1000017891	Blue Rinse Nozzle, LWP 20 bar
1000017892	Blue Rinse nozzle, LWP 40 bar
1000017893	Blue Rinse nozzle, VPP 80 bar
1000017894	Blue Rinse nozzle, MWP 70 bar
1000017882	Yellow Disinfection nozzle, VMS
1000017883	Yellow Disinfection nozzle, VMS DC

Art. No.	Description
1000017881	White Foam lance
1000017898	Blue Rinse lance 800 mm, LWP 20 bar
1000017900	Blue Rinse lance 800 mm, LWP 40 bar
1000017896	Blue Rinse lance 800 mm, VPP 80 bar
1000017894	Blue Rinse lance 800 mm, MWP 70 bar

*Lagafors Colour Coding System

Lagafors colour coding system makes the cleaning process simple and easy to understand. It consists of an operators guide that explains the correct cleaning process and usage thanks to matching colours for ball valve handles and nozzles. In the system blue stands for water, white for foam and yellow for disinfectant.

Lagafors VMS Accessories

Art. No.	Description
1000004702	Nozzle protector Blue
1000004701	Nozzle protector White
1000004700	Nozzle protector Yellow
1000005264	Ball valve handle Blue
1000033000	Ball valve handle White
1000005265	Ball valve handle Yellow
M000012090	Nozzle rack
1000000402	Operators guide for VMS/VMS DC

Lagafors Nozzle Pouch

A practical and hygienic pouch for nozzles facilitating accessibility and increasing control of the items for the operator. With an easy clip-on function the pouch can be carried on the belt. After the cleaning session it can be rinsed together with its contents in a dishwasher.

Art. No.	Description
1000030980	Nozzle Pouch

ACCESSORIES CENTRAL CLEANING SYSTEM

Lagafors Hose Reel

Professional spring-loaded hose reel in stainless steel for 15 or 20 metre hose. Equipped with a mobile arm which enables installation of the reel in narrow spaces or in the ceiling.

Technical specification	
Max. working pressure	400 bar
Connection	3/8" int. thread
Material	Stainless steel
Measurements WxDxH	180 x 460 x 447 mm 230 x 460 x 447 mm

Art. No.	Description
1000017870	Hose Reel for VMS, 15/20 m

Lagafors Hygiene Hood

Hygienic and protective hood in stainless steel developed for Lagafors hose reels. The bottom is open to allow easy access for cleaning with the same hygiene media as the one used in the VMS satellite. The hood ensures cleaning of all parts in the encased area and for service/maintenance it is simply lifted off its hook.

Technical specification	
Material	Stainless steel
Measurements WxDxH	280 x 490 x 620 mm

Art. No.	Description
1000030960	Hygiene Hood

Triggless® II Hose-Kit

Complete hose-kit containing the Triggless® II spray gun, 15-30 metre 1/2" hose and stainless steel couplings for connection to nozzles (3/8") as well as Lagafors satellite station VMS (1/2").

The hose-kit includes a 1/2" flexible kevlar hose for pressures below 50 bar and a 1/2" two-steel reinforced hose for pressures over 50 bar.

Technical specification	
< 50 bar	
Working pressure	50 bar
Temperature	-10°C to +70°C
Appearance	Smooth, light blue
> 50 bar	
Working pressure	330 bar
Temperature	-40°C to +155°C
Appearance	Smooth, blue

Art. No.	Description
< 50 bar	
1000017915	Triggless® II Hose-Kit, 15 m
1000017920	Triggless® II Hose-Kit, 20 m
1000017925	Triggless® II Hose-Kit, 25 m
1000017930	Triggless® II Hose-Kit, 30 m
> 50 bar	
1000017815	Triggless® II Hose-Kit, 15 m
1000017820	Triggless® II Hose-Kit, 20 m
1000017825	Triggless® II Hose-Kit, 25 m
1000017830	Triggless® II Hose-Kit, 30 m
