

# WATER-JET PIPES

## Light-weight water-jet pipes

Light-weight, stainless steel water-jet pipes with thin pipe walls. Available in various lengths and with 1/4" thread. Custom lengths and bends available on special-order.

Technical specification	
Material	Stainless steel
Connection	1/4" int. x 1/4" ext.

Art. No.	Description	Length (mm)
25023	Light-weight water-jet pipes	100
25021	Light-weight water-jet pipes	200
25020	Light-weight water-jet pipes	300
25018	Light-weight water-jet pipes	400
25017	Light-weight water-jet pipes	500
25026	Light-weight water-jet pipes	600
25029	Light-weight water-jet pipes	800
25030	Light-weight water-jet pipes	1000

## Insulated water-jet pipes

Insulated, stainless steel water-jet pipes with insulating, grip-friendly, plastic handle. Available in various lengths and with 1/4" thread. These water-jet pipes are suitable for use with hot water.

Technical specification	
Material	Stainless steel, plastic
Connection	1/4" ext.

Art. No.	Description	Length (mm)
11003	Insulated water-jet pipes	300
11004	Insulated water-jet pipes	400
11005	Insulated water-jet pipes	600
11006	Insulated water-jet pipes	800
11007	Insulated water-jet pipes	1000

## Dual water-jet pipes

Dual, stainless steel water-jet pipes that are especially suitable for use with Lagafors's mobile high-pressure cleaning systems. The pressure can be variably regulated by adjusting the valve opening. Ideal for use in combination with an injector.

Technical specification	
Material	Brass, stainless steel, plastic
Connection	1/4" int.

Art. No.	Description	Length (mm)
11000	Dual water-jet pipes	600
